---

## PROFESSIONAL SUMMARY

Junior Full-Stack Developer with hands-on experience designing, building, and deploying end-to-end web applications using React, Node.js, Express, and RESTful APIs. Strong foundation in frontend architecture, backend logic, authentication, and database integration. Accounting background provides a solid understanding of real-world business workflows, data integrity, and system reliability. Comfortable working in remote environments using Git-based collaboration and documentation-driven workflows.

---

## FULL-STACK TECHNICAL SKILLS

### Frontend

React, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

### Backend

Node.js, Express.js, PHP, RESTful APIs, Authentication & Authorization

### Databases

MongoDB, MySQL

### Tools & Deployment

Git, GitHub, Vercel, Netlify, AWS (basic), Postman

### Remote Collaboration

GitHub Issues & Pull Requests, Code Reviews, Documentation, Async Communication

---

## PROFESSIONAL EXPERIENCE

### Account Assistant (NYSC)

Geneith Pharm Ltd | Nov 2024 – Nov 2025

- Managed financial records, reconciliations, and structured reports with high accuracy.
- Worked extensively with ERP systems (Odoo, Busy), reinforcing understanding of database-driven business applications.

- Supported system transitions and process improvements, strengthening analytical and problem-solving skills transferable to backend development.
  - Applied data accuracy, validation, and control principles relevant to API and database design.
- 

### **Frontend / Web Developer (Contract)**

**SOUTECH, Owerri** | Aug 2024 – Dec 2024

- Built and maintained responsive web interfaces designed for backend integration.
  - Structured reusable frontend components to support scalable application architecture.
  - Collaborated with stakeholders to translate business requirements into functional web solutions.
  - Ensured performance optimization, clean code practices, and deployment readiness.
- 

## **FULL-STACK PROJECT EXPERIENCE**

### **Full-Stack Web Applications (Personal & Practice Projects)**

- Designed and developed full-stack applications using React, Node.js, Express, and MongoDB/MySQL.
- Implemented user authentication, role-based access, CRUD operations, and RESTful APIs.
- Built modular frontend components integrated with backend services for dynamic data handling.
- Applied clean architecture principles to improve maintainability and scalability.
- Deployed applications end-to-end using Vercel and Netlify with Git-based CI workflows.
- Documented APIs and project setup clearly to support collaboration and handover.

### **Recommended for best results:**

**List 2–3 named projects** with:

- Live demo link
  - GitHub repository
  - 1–2 lines describing the business problem solved
- 

## **EDUCATION**

### **Bachelor of Science (B.Sc.) – Accountancy**

Imo State University | 2019 – 2022

**National Diploma (ND) – Accountancy**

Enugu State Polytechnic | 2016 – 2019

---

**ADDITIONAL INFORMATION**

- Actively seeking Junior Full-Stack Developer roles (Remote / Hybrid)
- Strong documentation and written communication skills
- Continuous learner focused on scalable web application development
