PROFESSIONAL SUMMARY

Frontend-Focused Full-Stack Developer specializing in **React and Next.js**, with hands-on experience building responsive, user-friendly web applications and integrating backend services. Proven ability to translate business requirements into functional digital products, including a real-world corporate website redesign. Skilled in working with REST APIs, modern UI systems, and deployment workflows. Comfortable in remote environments using Git-based collaboration and asynchronous communication.

TECHNICAL SKILLS

Core Stack: React.js, Next.js, TypeScript, Node.js, Express.js, REST APIs

Frontend: Tailwind CSS, HTML/CSS, JavaScript (ES6+), Responsive Design

Backend: MongoDB, MySQL, Authentication (JWT)

Tools: Git/GitHub, Vercel, Netlify, Postman, AWS (basic)

EXPERIENCE

Frontend / Web Developer (Contract)

SOUTECH, Owerri

Aug 2024 – Dec 2024

- Developed responsive and interactive web interfaces using React, JavaScript, HTML, and CSS.
- Built reusable UI components that improved consistency and reduced development time across projects.
- Implemented mobile-first and cross-browser compatible solutions to enhance accessibility and user experience.
- Collaborated with stakeholders to translate business requirements into functional and scalable web applications.

- Optimized frontend performance through clean code practices and efficient component design.

Account Assistant (NYSC)

Geneith Pharm Ltd

Nov 2024 – Nov 2025

- Utilized ERP systems including Odoo and Busy to manage financial and operational workflows.
- Maintained accurate financial records, reconciliations, and transaction reporting processes.
- Worked extensively with structured business data, validation procedures, and reporting systems.
- Contributed to process improvements through analytical problem-solving and attention to detail.
- Developed a strong understanding of business operations, inventory management, and finance workflows applicable to software product development.

PROJECT EXPERIENCE

Geneith Pharm Ltd – Corporate Website & Digital Platform

Project Link: <https://demo-geneithpharm.vercel.app>

- Led the redesign and development of a modern corporate website aligned with the company's branding and business objectives.
- Built responsive and user-friendly interfaces using React, Next.js, and Tailwind CSS.
- Integrated backend functionality for form submissions, dynamic content management, and user interactions.
- Implemented performance optimization techniques to improve user experience across desktop and mobile devices.
- Delivered a production-ready platform that enhanced the company's online presence and digital accessibility.

Tech Stack: React.js, Next.js, Node.js, MongoDB, Tailwind CSS, Vercel

Frontend Web Applications (Personal Projects)

- Developed multiple responsive web applications using React and modern CSS frameworks
- Transformed UI designs into reusable, accessible components
- Integrated REST APIs for dynamic data rendering
- Ensured cross-device responsiveness and performance optimization
- Deployed applications using Vercel and Netlify with Git workflows

EDUCATION

B.Sc. Accountancy – Imo State University
Second Class Lower

2019–2022

ND Accountancy – Enugu State Polytechnic
Upper Credit

2016–2019

CAREER OBJECTIVE

Seeking opportunities as a Frontend Developer, React Developer, Next.js Developer, or Full-Stack Developer where I can contribute to building scalable web applications, collaborate with high-performing teams, and continue growing as a software engineer.
